Notes: The recreational trail located in this area will be protected/provided for, when the connection between Gardner Rd and Mushinski Rd is made.

All road projects are assumed to include sidewalks on at least one side. "Ped corridor" means both sides plus amenities and pedestrian safety enhancements.

Legend:

U = Undivided; D = Divided; O = One Way; OE = One Way Enhanced; E = Enhanced; F = Freeway/Expressway; 3U = One lane each direction and a center turn lane.

** Enhanced Roadways provide greater roadway operation efficiency without adding through lanes but may include turning, passing, or other auxiliary lanes.*

Bikeways, sidewalks, resurfacing, and drainage improvements may also be included.
