

SPECIAL BRIEFING #1

Community Impacts

FDOT Plans for I-275 and I-4 Interchanges within Tampa's Urban Core

The Hillsborough MPO is hosting a special briefing for the MPO Board, its committees, and the public to learn more about potential community impacts associated with FDOT plans for I-275 and I-4 interchanges within Tampa's downtown and Westshore districts.

FDOT staff will respond to motions issued by the board over the past two years related to community (or human) impacts, such as social concerns, economic impacts, historic resources, parks, and relocations. This briefing will feature an informal, open-house format with displays focused on potential community impacts.

Future MPO briefings will cover safety, bicycle/pedestrian, air quality, and health impacts. Additional information will be available at FDOT public workshops. FDOT plans to hold its next public workshop in late Spring 2019.
