Project Location

Limits
End of existing six-lane section at the Selmon Expressway West Extension Project to Whiting Street.
Purpose & Need

- Improve Travel Times
- Reduce Congestion
- Improve Safety
- Enhance Regional East-West Mobility
- Accommodate Increased Traffic Demand
Continuous Outreach
Continuous community outreach is integrated into every step of the project to ensure meaningful participation in the process.

A continuous community outreach process is integrated into every step of the Study to ensure that the corridor residents, businesses, the traveling public and other interested parties have meaningful participation in the process.
