Do you feel safe on Bruce B Downs Boulevard?

The Bruce B Downs corridor from Fowler Avenue to E. Bearss Avenue has been identified as a High Injury Network corridor within Hillsborough County due to the frequency and number of serious injury and fatal crashes. **We need YOUR input** so that we can implement short-term action items to support the County’s Vision Zero goals.

Please take a few minutes to fill out a quick survey at planhillsborough.org/VZcorridors to tell us the issues that are important to you as we continue to improve safety on the Bruce B Downs corridor as part of our Vision Zero mission.

If you have questions, or would like to submit your responses by phone, please contact Lisa Silva at (813) 273-3774 ext 329 or silval@plancom.org
Vision Zero is based on the belief that traffic death and injury is preventable — that these are not “accidents,” but the result of poor behaviors combined with unforgiving roadway designs.

Total Crash History
- 1,587 Total Crashes
  - 74.4% Daylight
  - 2.8% Ped & Bike

Fatal & Severe Injury Crash History
- 28 Fatal & Severe Injury Crashes
  - 35.7% Daylight
