Lynn/Turner Road
Ehrlich Road to Gunn Highway

The 2017 Vision Zero Action Plan identified Lynn/Turner Road as one of the top 20 most dangerous roadways in Hillsborough County. This designation means that people driving, walking, riding a bike, and getting on a bus are more likely to be seriously injured or killed along Lynn/Turner Road than on other roads in the County. To combat the needless death and injury on roads like Lynn/Turner Road, Hillsborough County and the Hillsborough MPO are working together to identify countermeasures along Lynn/Turner Road. Please take a few minutes to fill out a quick survey at planhillsborough.org/vzcorridors to tell us the issues that are important to you.

Corridor Facts

- Corridor Length: 2.1 miles
