Comprehensive Plan Future Land Use Element Updates

- Objective 48
  - Affordable Housing Density Bonus in the WVR-2 has been removed
  - Wimauma Village Light Industrial and Commercial District renamed to Downtown West End and Downtown East End
  - Community Benefit Requirements: Removed language requiring developers to provide public facilities and services prior to or concurrent with the development.
  - Added Policy 48.6: Density calculations for new development in the WVR-2 land use category within the Rural Service Area will be based on upland areas; no density credits will be assigned to wetland areas for new development.
Added Policy 48.7: Developments approved prior to the adoption of Policy 48.6 will retain approved wetland density credits, including in modifications to existing development approvals.

Added Policy 48.8: Where possible and feasible Vision Zero principles shall be incorporated into all mobility facility improvements, regardless of whether improvements are made by the developer or County.

Added Policy 48.9: Applicants of re-zonings containing 50 or more residential units shall consult with the School District of Hillsborough County regarding potential school sites.

Added Policy 48.10: Lands of three (3) acres or less designated for residential support uses within a planned village (PD) of similar size, scale and massing to the prevailing residential uses shall not be subtracted from residential density calculations.

Added Policy 48.11 Agriculture: Up to 50% of the planned village open space requirement may be satisfied by agricultural uses. Agricultural uses may include co-operative farming, agrihoods defined as an organized community that integrates agriculture into a residential neighborhood, and other uses designed to incorporate the agricultural use into the planned village or to further a Community Plan.
