Troy Tinch, TT Staff**
JJ Loesch, FDEP*

*Denotes TAC Member or Alternates
**Denotes Staff Ex- Officio Members

1. Call to Order
Chair Brown called the meeting to order at 1:32pm

2. Roll Call
Members were sufficient to establish a quorum
   A. Welcome new TPC member Cody Powell
      Chair Brown welcomed new TPC member Cody Powell.
   B. Consideration of on-line member voting
      With no voting members on-line, no vote was taken.

3. Pledge of Allegiance
   A. Chair Brown led in the Pledge of Allegiance

4. Moment of Contemplation
   A. Chair Brown led in a moment of contemplation.

5. Public Comment
   A. None

6. Approval of Previous Meeting Summary
   A. Motioned by Stu Marvin and seconded by Cody Powell, the previous meeting summary was approved unanimously.
7. 2021 TAC Meeting Calendar
   A. Mr. College gave a brief overview of the calendar. It will remain the same as past years, but the potential of changing the meetings to every other month if the pandemic continues was noted.

8. Presentations, Reports & Status Updates
   A. Tampa River Speed Zones, Karla Price, COT
      Ms. Price stated that on October 15, 2020, the City of Tampa Council unanimously approved changes to the 2003 ordinance that established boating restricted areas in the Hillsborough River. The City of Tampa worked closely with FWC to make these changes and used Florida Statute 327.46 as a guide.

9. Consistency Recommendation
   A. Minor Work Permit No. 68723 (EPC)
   B. Minor Work Permit No. 70416 (EPC)
   C. Minor Work Permit No. 70509 (EPC)
   D. Minor Work Permit No. 70598 (EPC)
   E. Minor Work Permit No. 70735 (EPC)
   F. Minor Work Permit No. 70755 (EPC)
   G. Minor Work Permit No. 64737 (EPC)
   H. Minor Work Permit No. 70981 (EPC)
      Motioned by Stu Marvin and seconded by Jackie Julien, the permits were unanimously recommended to be found consistent with the Hillsborough River Master Plan by the River Board.

10. Other Business
    A. Chair Brown stated that the 21st Holiday Boat Parade will not happen due to the pandemic. Chair Brown mentioned that on November 18th, SWFWMD will have a meeting regarding the lower river recovery strategy and it will be held virtually. Ms. Maggio stated they had low activity about pollution calls after Hurricane Eta. Chair Brown inquired about the Lowry Park boat ramp and Ms. Julien said she would follow up on that. Ms. Julien mentioned that the Wild Mile River group attended a pre-application meeting with Port Tampa Bay. Mr. College reminded everyone that there will be no meeting in December.

Chair Brown adjourned the meeting.
Agenda Item 10. C. County River Master Plan Update, Diego Guerra, TPC

Attachments:

County River Master Plan minor policy updates
Proposed Change to the Hillsborough River Master Plan

Diego Guerra, TPC

The Hillsborough County City-County Planning Commission is in the process of updating the Environmental and Sustainability Section (Conservation and Aquifer Recharge Element) of the Hillsborough County Comprehensive Plan based on the 2020 Planning Commission’s 12 Month Work Program and ongoing direction from the Board of County Commissioners. From time-to-time recommended policy changes which affect the Hillsborough River Master Plan are brought to the Hillsborough River Technical Advisory Council and Interlocal Planning Board for review. Policy 3.26.4 is out of date as county facilities now provide advanced treatment of wastewater and is recommended to be updated with the proposed language below.

<table>
<thead>
<tr>
<th>Adopted GOP</th>
<th>Adopted Language</th>
<th>Proposed Language</th>
</tr>
</thead>
<tbody>
<tr>
<td>3.26.4</td>
<td>Prevent potential contamination by effluent disposal from a wastewater treatment plant within the drainage basin by requiring advanced treatment and viral reduction of all sewage in the drainage basin which is part of an effluent disposal program.</td>
<td>Wastewater treatment facilities within the drainage basin will meet or exceed regulatory standards.</td>
</tr>
</tbody>
</table>
Agenda Item 11. A. Minor Work Permit No. 20-041 (Port Tampa Bay)

Minor Work Permit Application
November 23, 2020

Mr. Shawn College
Hillsborough-City Planning Commission
Hillsborough River TAC
County Center, 18th Floor
PO Box 1110
Tampa, FL 33601
(Via email: colleges@plancom.org)

Minor Work Permit Application No.: 20-041

Applicant: Southern Light, LLC

Project: Proposed Installation of a 4-Inch Exterior Casing HDPE Subaqueous Horizontal Directionally Drilled (HDD) Fiber Optic Cable Telecommunications Utility Pipeline For AT&T Located Along Western ROW of U.S. Highway 301 / SR-41 (Bridge #100434) in Thonotosassa, FL Traversing Under Hillsborough River; STR 8-27S-21E; Unincorporated Hillsborough County

Enclosed is a Tampa Port Authority, d/b/a Port Tampa Bay (PTB), minor work permit application for proposed marine construction under the Hillsborough River for inclusion in the agenda for the next Hillsborough River Technical Advisory Council. Please note that the proposal under PTB review is part of a larger HDD fiber telecommunications cable utility pipeline installation project. A copy of the engineering drawings for only that portion of the proposed project that falls within PTB permitting jurisdiction are enclosed for your review.

Unless additional information is necessary to complete your review, if you have no objections to the issuance of a permit for this project or have any comments concerning the project, please submit them in writing to this office within fourteen (14) days of receipt of this letter. Please provide written comments to the PTB Environmental Dept. at 1101 Channelside Dr., Tampa, FL 33602 or via email at bbaity@tampaport.com.

Please contact me at 813-905-5033 or julienn@tampaport.com if you have any questions regarding this proposal.

Sincerely,

Jackie Julien
Environmental Supervisor
Port Tampa Bay

CULVERT CUT OVER ON ROADSIDE SHOULDER
NOT TO SCALE

GENERAL NOTES
1. INSTALL SILT FENCE TO PROTECT DOWNSTREAM AREAS FROM SEDIMENTATION PRIOR TO CONSTRUCTION.
2. INSTALL SILT FENCE AS NEEDED TO PROTECT DRAINAGE FEATURES, BUT NO LESS THAN 10' ON EITHER SIDE OF CULVERT.

MAINTENANCE NOTES
INSPECT CULVERT CROSSING STRUCTURES WEEKLY AND AFTER EACH SIGNIFICANT RAINFALL EVENT (0.5" OR GREATER) TO SEE IF ANY EROSION AROUND OR BELOW THE SILT FENCE HAS OCCURRED. IMMEDIATELY MAKE ALL NEEDED REPAIRS TO PREVENT FURTHER DAMAGE.

INTERESTED PARTY NOTIFICATION LETTER
ENVIRONMENTAL PROTECTION COMMISSION
MINOR WORK PERMIT APPLICATION NO. - 70136

Applicant:  TIITF / Rec and Parks
15402 N 301 Highway
Thonotosassa, FL 32399

Dear Mr. College:

Please be advised the Environmental Protection Commission (EPC) has received the enclosed Minor Work Permit application for the issuance of an EPC permit pursuant to the Amended and Restated Interlocal Agreement between the EPC and the Tampa Port Authority (TPA) and Section 25, Chapter 95-488 Laws of Florida.

Please review the attached permit. If you have any questions or concerns regarding this application, please call me at (813) 627-2600 ext. 1209.

Sincerely,

Michael Gile
Environmental Scientist
Wetlands Division
Environmental Protection Commission
of Hillsborough County

TIITF / Rec and Parks  
C/O Philip Stone (Sent via email)  
Phillip.stone@dep.state.fl.us  
3900 Commonwealth Boulevard  
Tallahassee FL, 32399

Dear Mr. Stone:

This Intent to Issue the Minor Work Permit (Permit) for replacement decking, railings, and cross beams on an existing pedestrian footbridge is issued to TIITF / Rec and Parks (Permittee) by the Environmental Protection Commission of Hillsborough County (EPC) on behalf of the Tampa Port Authority (TPA). The TPA delegated this regulatory authority to the EPC in 2009. Please review this document and attachments carefully, paying particular attention to the conditions and approved drawings. NO CONSTRUCTION ACTIVITY SHALL OCCUR in wetlands or other surface waters until January 11, 2021.

The EPC reserves the right to stop this Permit from becoming effective under any of the following circumstances: (1) if the EPC revokes the Permit pursuant to Section 1-2.052, Rules of the EPC; (2) if a “Notice of Appeal” or “Request for Extension of Time to File a Notice of Appeal” under Part IV of Section 1-2, Rules of the EPC (See NOTICE OF RIGHTS) is timely filed; or (3) if any applicable Federal governmental agency objects to verification that the activity qualifies for the United States Army Corp’s of Engineers’ State Programmatic General Permit. The Permittee shall be noticed in writing if any of these occur. No construction activity may occur until such time as the issue is resolved and the Permit becomes effective. It is possible in some circumstances for the Permit to be challenged after the initial construction date. Please contact the EPC Legal Department if you have any questions regarding this process.
This Permit authorizes the above named permittee, hereinafter referred to as the Permittee, to perform the described work on wetlands and/or other surface waters, on or adjacent to submerged lands under the regulatory or proprietary jurisdiction of the TPA. This Permit addresses activities regulated under the TPA Submerged Lands Management Rules and EPC Wetland Rule Chapter 1-11, Rules of the EPC. This work shall be accomplished in accordance with the general and specific conditions contained in this Permit. This Permit shall expire on the date noted in this Permit and shall be valid until it expires or such time as it is amended, replaced, or revoked in writing.

Acceptance of this Permit constitutes acceptance of all the attached conditions and the project drawings. Compliance with all conditions is necessary for the Permit to be considered valid. Should you have objections to any of these conditions, please see the attached NOTICE OF RIGHTS detailing the appeal process.

Sincerely,

P. Andy Schipfer, P.E. – Division Director
EPC Wetlands Division

PROJECT DESCRIPTION: REPLACEMENT OF DECKING, RAILINGS, AND CROSS BEAMS ON AN EXISTING PEDESTRIAN FOOTBRIDGE PURSUANT TO PERMIT EXHIBITS AND CONDITIONS

PROJECT LOCATION: 15402 N. 301 HIGHWAY, THONOTOSASSA, FL 33592/ HILLSBOROUGH RIVER

DATE OF ISSUE: JANUARY 11, 2021
EXPIRATION DATE: JANUARY 11, 2024

THIS PERMIT CARD SHALL BE PROMINENTLY DISPLAYED AT THE WORKSITE. FOR QUESTIONS CALL THE WETLANDS DIVISION (813) 627-2600.
1. This Permit authorizes the replacement of decking, railings, and cross beams on an existing pedestrian footbridge.

2. Be advised, if the proposed activity approved by this Permit is altered, a modification to this Permit with applicable application and fee may be required. Modifications include, but are not limited to, changes to the footprint of the proposed activity or adding structures such as: floating vessel platforms, floating docks, roofs, canopy covers, personal watercraft (PWC) lifts, etc. Modifications require review by EPC.

3. The enclosed Permit Card shall be conspicuously displayed at the project site once work on this project has been initiated and shall remain so displayed until the project has been completed. Within fifteen (15) days of completion of this project, EPC is to be notified via email wetlandscompliance@epchc.org.

FOOTBRIDGE CONSTRUCTION SPECIFIC CONDITIONS

4. The structure shall be constructed as depicted per EPC approved Permit exhibits A-1 through A-12.

5. The structure shall be placed within the property limits as depicted per EPC approved Permit exhibits A-1, A-2, A-5, and A-6.

6. There will be no mooring of boats associated with the structure and the entire perimeter of the structure will be surrounded by a handrail.

7. Removal of portions of the existing footbridge must be accomplished in a manner so that all debris is properly disposed of and the release of turbid water offsite is prevented.

8. No roof or sundeck is permitted for this structure under this Permit.

9. No dredging, filling, clearing or scouring shall be allowed except for the settings of pilings for the structure. If pilings are to be installed by jetting, then the water pump must be shut off when not in use to avoid unnecessary disturbance to the water body.

10. All structures shall be marked with reflectors, reflective tape or other materials necessary to make the extent of structures clearly visible to boaters in accordance with the requirements of the United States Coast Guard and the Florida Fish & Wildlife Conservation Commission.

11. Structures shall not be enclosed.

12. This Permit does not authorize the placement of pilings or any other structures extraneous to the footbridge.
13. This Permit does not authorize the construction of baithouses, storage shelters, gazebos, screen porches, fish cleaning facilities, living quarters or other non-water dependent structures.

14. The structure shall be constructed a minimum of 1-foot vertical elevation above the Mean High Water (MHW) elevation.

15. All wetland vegetation, including but not limited to mangroves, must be preserved during all construction authorized under this Permit. No mangrove removal is allowed. Further, no impacts to existing submerged aquatic vegetation, coral communities or oyster beds shall occur under this Permit.

SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT JURISDICTION

16. Authorization for the proposed activity may be required from the Southwest Florida Water Management District (SWFWMD) as the site is located within an area that was issued under an Environmental Resource Permit. For additional information please contact Al Gagne at (813) 985-7481 ext. 4352. Per the email attached the Federal Authorization will also be processed by SWFWMD.

Enter any additional remarks for the project. The project is a public state project for FDEP, Division of Parks and Recreation, and will, therefore, need to be competitively bid. While it is anticipated that the project will be bid and awarded by the end of this year, it is believed that construction and on-site work will begin in early 2021.

Public Interest Comment Box: The proposed work is not contrary to the public interest and will not create any environmental harm to the surrounding site or area.

OWNER / APPLICANT ACKNOWLEDGEMENT I am the property owner and applicant.

B. CERTIFICATION OF SUFFICIENT REAL PROPERTY INTEREST AND AUTHORIZATION FOR STAFF TO ACCESS THE PROPERTY By signing below, I certify that I, or the business organization, possess sufficient real property interest in or control over the land upon which the activities described in this application are proposed and that I have legal authority to grant permission to access those lands. I hereby grant permission, evidenced by my signature below, for staff of the EPC to access, inspect, and sample the lands and waters of the property as necessary for the review of the proposed works and other activities specified in this application. I authorize EPC, its agents, and assigns to enter the property as many times as may be necessary to make such review, inspection, and/ or sampling. Further, I agree to provide entry to the project site for such agents or personnel to monitor and inspect permitted work if a permit is granted.

C. DESIGNATION OF AUTHORIZED REPRESENTATIVE (IF APPLICABLE) By signing below, I authorize the representative listed below to act on my behalf, or on behalf of the organization, to process the application; to negotiate revisions; to accept or agree to conditions or stipulations; and to furnish, upon request, supplemental information in support of the application. In addition, I authorize the
representative listed below to bind me, or the organization, to perform any requirements that may be necessary to procure the permit or authorization.

Minor Work Permit Application
December 1, 2020

Felix M. Cannella Sr., Trustee (Sent via email)
felix@ajoil.com
2717 N. Riverside Dr
Tampa, FL 33602

Dear Mr. Cannella:

This Intent to Issue the Minor Work Permit (Permit) for a dock with two non-covered boat slips is issued to Felix M. Cannella Sr., Trustee (Permittee) by the Environmental Protection Commission of Hillsborough County (EPC) on behalf of the Tampa Port Authority (TPA). The TPA delegated this regulatory authority to the EPC in 2009. Please review this document and attachments carefully, paying particular attention to the conditions and approved drawings. **NO CONSTRUCTION ACTIVITY SHALL OCCUR** in wetlands or other surface waters until December 26, 2020.

The EPC reserves the right to stop this Permit from becoming effective under any of the following circumstances: (1) if the EPC revokes the Permit pursuant to Section 1-2.052, Rules of the EPC; (2) if a “Notice of Appeal” or “Request for Extension of Time to File a Notice of Appeal” under Part IV of Section 1-2, Rules of the EPC (See NOTICE OF RIGHTS) is timely filed; or (3) if any applicable Federal governmental agency objects to verification that the activity qualifies for the United States Army Corp’s of Engineers’ State Programmatic General Permit. The Permittee shall be noticed in writing if any of these occur. No construction activity may occur until such time as the issue is resolved and the Permit becomes effective. It is possible in some circumstances for the Permit to be challenged after the initial construction date. Please contact the EPC Legal Department if you have any questions regarding this process.

This Permit authorizes the above named permittee, hereinafter referred to as the Permittee, to perform the described work on wetlands and/or other surface waters, on or adjacent to

ENVIRONMENTAL PROTECTION COMMISSION
MINOR WORK PERMIT APPLICATION NO. - 70976

Applicant: Felix M. Cannella Sr., Trustee
2717 N. Riverside Dr
Tampa, FL 33602

Dear Mr. College:

Please be advised that the Environmental Protection Commission (EPC) has issued the enclosed Minor Work Permit pursuant to the Amended and Restated Interlocal Agreement between the EPC and the Tampa Port Authority (TPA) and Section 25, Chapter 95-488 Laws of Florida.

You have been copied on this permit as an interested party. Please review the permit and attached drawings. If you have any questions or concerns regarding this application, please call me at (813) 627-2600 ext. 1209.

Sincerely,

Michael Gile

submerged lands under the regulatory or proprietary jurisdiction of the TPA. This Permit addresses activities regulated under the TPA Submerged Lands Management Rules and EPC Wetland Rule Chapter 1-11, Rules of the EPC. This work shall be accomplished in accordance with the general and specific conditions contained in this Permit. This Permit shall expire on the date noted in this Permit and shall be valid until it expires or such time as it is amended, replaced, or revoked in writing.

Acceptance of this Permit constitutes acceptance of all the attached conditions and the project drawings. Compliance with all conditions is necessary for the Permit to be considered valid. Should you have objections to any of these conditions, please see the attached NOTICE OF RIGHTS detailing the appeal process.

Sincerely,

P. Andy Schipfer, P.E. – Division Director

PROJECT DESCRIPTION: CONSTRUCTION OF DOCK WITH TWO NON-COVERED BOAT SLIPS PURSUANT TO PERMIT EXHIBITS AND CONDITIONS

PROJECT LOCATION: 2717 N. RIVERSIDE DR, TAMPA, FL 33602 / HILLSBOROUGH RIVER

DATE OF ISSUE: DECEMBER 26, 2020
EXPIRATION DATE: DECEMBER 26, 2023

THIS PERMIT CARD SHALL BE PROMINENTLY DISPLAYED AT THE WORKSITE. FOR QUESTIONS CALL THE WETLANDS DIVISION (813) 627-2600.
1. This Permit authorizes the construction of a 225 square foot dock with two non-covered boat slips.

2. Be advised, if the proposed activity approved by this Permit is altered, a modification to this Permit with applicable application and fee may be required. Modifications include, but are not limited to, changes to the footprint of the proposed activity or adding structures such as: floating vessel platforms, floating docks, roofs, canopy covers, personal watercraft (PWC) lifts, etc. Modifications require review by EPC.

3. The enclosed Permit Card shall be conspicuously displayed at the project site once work on this project has been initiated and shall remain so displayed until the project has been completed. Within fifteen (15) days of completion of this project, EPC is to be notified via email wetlandscompliance@epchc.org.

DOCK CONSTRUCTION SPECIFIC CONDITIONS

4. The structure shall be constructed as depicted per EPC approved Permit exhibit A-1.

5. The structure shall be placed within the property limits as depicted per EPC approved Permit exhibit A-1.

6. The proposed docking facility shall be used to moor no more than two vessels and shall not create a navigational hazard.

7. No roof or sundeck is permitted for this structure under this Permit.

8. The water depths in mooring areas shall be no less than two (2) feet at Mean Low Water (MLW).

9. No dredging, filling, clearing or scouring shall be allowed except for the settings of pilings for the structure. If pilings are to be installed by jetting, then the water pump must be shut off when not in use to avoid unnecessary disturbance to the water body.

10. All structures shall be marked with reflectors, reflective tape or other materials necessary to make the extent of structures clearly visible to boaters in accordance with the requirements of the United States Coast Guard and the Florida Fish & Wildlife Conservation Commission.

11. Structures shall not be enclosed.

12. This Permit does not authorize the placement of pilings or any other structures extraneous to the dock.
13. This Permit does not authorize the construction of baithouses, storage shelters, gazebos, screen porches, fish cleaning facilities, living quarters or other non-water dependent structures.

14. No davits are permitted for this structure.

15. The structure shall be constructed a minimum of 1-foot vertical elevation above the Mean High Water (MHW) elevation.

16. In the vicinity of mooring, watercraft associated with the construction of the permitted structure shall operate within the waters of sufficient depth to preclude bottom scouring/prop dredging.

17. All wetland vegetation, including but not limited to mangroves, must be preserved during all construction authorized under this Permit. No mangrove removal is allowed. Further, no impacts to existing submerged aquatic vegetation, coral communities or oyster beds shall occur under this Permit.

**U.S. ARMY CORPS OF ENGINEERS SPGP DETERMINATION**

18. Your proposed activity as outlined on your application and attached drawings does not qualify for Federal authorization pursuant to the State Programmatic General Permit V-R1 and a SEPARATE permit or authorization shall be required from the Corps. You must apply separately to the Corps using their APPLICATION FOR DEPARTMENT OF THE ARMY PERMIT, ENG FORM 4345, or alternative as allowed by their regulations. More information on Corps permitting may be found online in the Jacksonville District Regulatory Division Source Book at: [https://www.saj.usace.army.mil/Missions/Regulatory/Source-Book](https://www.saj.usace.army.mil/Missions/Regulatory/Source-Book).

344 W. Rio Vista Court
Tampa, FL 33604

Dear Mr. Lynn:

This Intent to Issue the Minor Work Permit (Permit) for the installation of rip-rap is issued to Mark Lynn (Permittee) by the Environmental Protection Commission of Hillsborough County (EPC) on behalf of the Tampa Port Authority (TPA). The TPA delegated this regulatory authority to the EPC in 2009. Please review this document and attachments carefully, paying particular attention to the conditions and approved drawings. NO CONSTRUCTION ACTIVITY SHALL OCCUR in wetlands or other surface waters until December 12, 2020.

The EPC reserves the right to stop this Permit from becoming effective under any of the following circumstances: (1) if the EPC revokes the Permit pursuant to Section 1-2.052, Rules of the EPC; (2) if a “Notice of Appeal” or “Request for Extension of Time to File a Notice of Appeal” under Part IV of Section 1-2, Rules of the EPC (See NOTICE OF RIGHTS) is timely filed; or (3) if any applicable Federal governmental agency objects to verification that the activity qualifies for the United States Army Corp’s of Engineers’ State Programmatic General Permit. The Permittee shall be noticed in writing if any of these occur. No construction activity may occur until such time as the issue is resolved and the Permit becomes effective. It is possible in some circumstances for the Permit to be challenged after the initial construction date. Please contact the EPC Legal Department if you have any questions regarding this process.

This Permit authorizes the above named permittee, hereinafter referred to as the Permittee, to perform the described work on wetlands and/or other surface waters, on or adjacent to submerged lands under the regulatory or proprietary jurisdiction of the TPA. This Permit addresses activities regulated under the TPA Submerged Lands Management Rules and EPC Wetland Rule Chapter 1-11, Rules of the EPC. This work shall be accomplished in accordance
with the general and specific conditions contained in this Permit. This Permit shall expire on the date noted in this Permit and shall be valid until it expires or such time as it is amended, replaced, or revoked in writing.

Acceptance of this Permit constitutes acceptance of all the attached conditions and the project drawings. Compliance with all conditions is necessary for the Permit to be considered valid. Should you have objections to any of these conditions, please see the attached NOTICE OF RIGHTS detailing the appeal process.

Sincerely,

PROJECT DESCRIPTION: INSTALLATION OF APPROXIMATELY 53 LINEAR FEET OF RIP-RAP PURSUANT TO PERMIT EXHIBITS AND CONDITIONS

PROJECT LOCATION: 344 W. RIO VISTA COURT, TAMPA, FL 33604 / HILLSBOROUGH RIVER

DATE OF ISSUE: DECEMBER 12, 2020
EXPIRATION DATE: DECEMBER 12, 2023

THIS PERMIT CARD SHALL BE PROMINENTLY Displayed AT THE WORKSITE. FOR QUESTIONS CALL THE WETLANDS DIVISION (813) 627-2600.
ENVIRONMENTAL PROTECTION COMMISSION
MINOR WORK PERMIT No. - 71139
SPECIFIC CONDITIONS
December 12, 2020

1. This Permit authorizes the installation of approximately 53 linear feet of rip-rap.

2. Be advised, if the proposed activity approved by this Permit is altered, a modification to this Permit with applicable application and fee may be required. Modifications include, but are not limited to, changes to the footprint of the proposed activity or adding structures such as: floating vessel platforms, floating docks, roofs, canopy covers, personal watercraft (PWC) lifts, etc. Modifications require review by EPC.

3. The enclosed Permit Card shall be conspicuously displayed at the project site once work on this project has been initiated and shall remain so displayed until the project has been completed. Within fifteen (15) days of completion of this project, EPC is to be notified via email wetlandscompliance@epchc.org.

RIP-RAP CONSTRUCTION SPECIFIC CONDITIONS

4. The structure shall be constructed as depicted per EPC approved Permit exhibits A-1 and A-2. The dock structure depicted in the Permit exhibits is for illustration purposes only and is not approved as part of this Permit.

5. The rip-rap shall be placed within the property limits as depicted per EPC approved Permit exhibits A-1.

6. During the installation of the rip-rap material, a floating turbidity curtain and/or silt fence shall be deployed waterward of the work site and attached from adjacent shoreline to adjacent shoreline. The turbidity curtain/silt fence must remain in place until the work has ceased and any resultant construction-related turbidity has settled out. These measures should be removed as soon as water quality returns to sustainable background levels and/or all areas of disturbed soils are stabilized.

7. This Permit does not authorize the rip-rap installation to cover or obstruct any existing storm water outfall pipes.

8. The slope of the rip-rap revetment, in feet, will not exceed one (1) vertical to two (2) horizontal as depicted per EPC approved exhibits A-1 and A-2.

9. The horizontal distance from the toe of the seawall must be no more than 10 feet as depicted per EPC approved exhibits A-1 and A-2.

10. The rip-rap material shall consist entirely of clean concrete rubble or natural boulders one (1) foot to three (3) feet in average diameter. No reinforcing rods or other similar protrusions in concrete rubble shall be exposed and the rip-rap material shall be free of attached sediments. The use of asphalt or other organic materials is prohibited.
11. The rip-rap material shall remain unconsolidated.

12. This Permit does not authorize any dredging activity.

13. This Permit does not authorize the placement of pilings or any other structures extraneous to the installation of the rip-rap revetment.

14. The rip-rap material shall be hand-placed around all desirable vegetation.

15. All wetland vegetation, including but not limited to mangroves, must be preserved during all construction authorized under this Permit. No mangrove removal is allowed. Further, no impacts to existing submerged aquatic vegetation, coral communities or oyster beds shall occur under this Permit.

**U.S. ARMY CORPS OF ENGINEERS SPGP DETERMINATION**

1. Your proposed activity as outlined in your application and attached drawings qualifies for Federal authorization pursuant to the State Programmatic General Permit V-R1, and a SEPARATE permit or authorization will not be required from the Corps. Please note that the Federal authorization expires on July 26, 2021. However, your authorization may remain in effect for up to 1 additional year, if provisions of Special Condition 19 of the SPGP V-R1 permit instrument are met. You, as permittee, are required to adhere to all General Conditions and Special Conditions that may apply to your project. Special conditions required for your project are attached. A copy of the SPGP V-R1 with all terms and conditions and the General Conditions may be found at https://www.saj.usace.army.mil/Missions/Regulatory/SourceBook.aspx.

**U.S. ARMY CORPS OF ENGINEERS SPGP SPECIAL CONDITIONS**

**Note:** JAXBO (Jacksonville District’s Programmatic Biological Opinion), referenced throughout, may be found online in the Jacksonville District Regulatory Division Sourcebook, or at http://cdm16021.contentdm.oclc.org/utils/getfile/collection/p16021coll3/id/577. The SPGP V-R1 instrument and all attachments may be found online through the Sourcebook, or at https://www.saj.usace.army.mil/SPGP/

In addition to the conditions specified above, the following Special Conditions apply to all projects reviewed and/or authorized under the SPGP V-R1.

**Special Conditions for All Projects**

1. Authorization, design and construction must adhere to the terms of the SPGP V-R1 instrument including the Procedure and Work Authorized sections.

2. Design and construction must adhere to the PDCs for In-Water Activities (Attachment 6, from PDCs AP.7 through AP11, inclusive, of JAXBO) (Reference: JAXBO PDC AP.1.).
3. All activities performed during daylight hours (Reference: JAXBO PDC AP.6.).

4. For all projects involving the installation of piles or sheet piles, the maximum number of piles, sheet piles or concrete slab walls or boatlift I-beams installed by impact hammer per day is limited to no more than 5 per day. Any installation of metal pipe or metal sheet pile by impact hammer is not authorized (Reference: Categories D and E of JAXBO PDCs for In-Water Noise from Pile and Sheet Pile Installation, page 86.).

5. Projects within the boundary of the NOAA Florida Keys National Marine Sanctuary require prior approval from the Sanctuary (Reference: JAXBO PDCs AP.14 and A1.6).

6. Notifications to the Corps. For all authorizations under this SPGP V-R1, including Self-Certifications, the Permittee shall provide the following notifications to the Corps:
   a. Commencement Notification. Within 10 days before the date of initiating the work authorized by this permit or for each phase of the authorized project, the Permittee shall provide a written notification of the date of commencement of authorized work to the Corps.
   b. Corps Self-Certification Statement of Compliance form. Within 60 days of completion of the work authorized by this permit, the Permittee shall complete the “Self-Certification Statement of Compliance” form (Attachment 32) and submit it to the Corps. In the event that the completed work deviates in any manner from the authorized work, the Permittee shall describe the deviations between the work authorized by this permit and the work as constructed on the “Self-Certification Statement of Compliance” form. The description of any deviations on the “Self-Certification Statement of Compliance” form does not constitute approval of any deviations by the Corps.
   c. Permit Transfer. When the structures or work authorized by this permit are still in existence at the time the property is transferred, the terms and conditions of this permit will continue to be binding on the new owner(s) of the property. To validate the transfer of this permit and the associated liabilities associated with compliance with its terms and conditions, have the transferee sign and date the enclosed form (Attachment 2).
   d. Reporting Address. The Permittee shall submit all reports, notifications, documentation, and correspondence required by the general and special conditions of this permit to the following address.
      (1) For standard mail: U.S. Army Corps of Engineers, Regulatory Division, Enforcement Section, P.O. Box 4970, Jacksonville, FL, 32232-0019.
      (2) For electronic mail: SAJ-RD-Enforcement@usace.army.mil (not to exceed 10 MB). The Permittee shall reference this permit number, SAJ-2015-02575 on all submittals.

7. The District Engineer reserves the right to require that any request for authorization under this SPGP V-R1 be evaluated as an Individual Permit. Conformance with the terms and conditions of the SPGP V-R1 does not automatically guarantee Federal authorization.
8. On a case-by-case basis, the Corps may impose additional Special Conditions which are deemed necessary to minimize adverse environmental impacts.

9. Failure to comply with all conditions of the SPGP V-R1 constitutes a violation of the Federal authorization.

10. No structure or work shall adversely affect or disturb properties listed in the National Register of Historic Places or those eligible for inclusion in the National Register. Prior to the start of work, the Applicant/Permittee or other party on the Applicant’s/Permittee’s behalf, shall conduct a search of known historical properties by contracting a professional archaeologist, and contacting the Florida Master Site File at 850-245-6440 or SiteFile@dos.state.fl.us. The Applicant/Permittee can also research sites in the National Register Information System (NRIS). Information can be found at http://www.cr.nps.gov/nr/research.

   a. If, during the initial ground disturbing activities and construction work, there are archaeological/cultural materials unearthed (which shall include, but not be limited to: pottery, modified shell, flora, fauna, human remains, ceramics, stone tools or metal implements, dugout canoes or any other physical remains that could be associated with Native American cultures or early colonial or American settlement), the Permittee shall immediately stop all work in the vicinity and notify the Compliance and Review staff of the State Historic Preservation Office at 850-245-6333 and the Corps Regulatory Project Manager to assess the significance of the discovery and devise appropriate actions, including salvage operations. Based on the circumstances of the discovery, equity to all parties, and considerations of the public interest, the Corps may modify, suspend, or revoke the permit in accordance with 33 C.F.R. § 325.7.

   b. In the unlikely event that human remains are identified, the remains will be treated in accordance with Section 872.05, Florida Statutes; all work in the vicinity shall immediately cease and the local law authority, and the State Archaeologist (850-245-6444) and the Corps Regulatory Project Manager shall immediately be notified. Such activity shall not resume unless specifically authorized by the State Archaeologist and the Corps.

11. The Permittee is responsible for obtaining any “take” permits required under the U.S. Fish and Wildlife Service’s regulations governing compliance with these laws. The Permittee should contact the appropriate local office of the U.S. Fish and Wildlife Service to determine if such “take” permits are required for a particular activity.

12. For Projects authorized under this SPGP V-R1 in navigable waters of the U.S., the Permittee understands and agrees that, if future operations by the United States require the removal, relocation, or other alteration, of the structures or work herein authorized, or if, in the opinion of the Secretary of the Army or his authorized representative, said structure or work shall cause unreasonable obstruction to the free navigation of the navigable waters, the Permittee will be required, upon due notice from the Corps of Engineers, to remove, relocate, or alter the structural work or obstructions caused thereby, without expense to the United States. No claim shall be made against the United States on account of any such removal or alteration.
13. The SPGP V-R1 will be valid through July 26, 2021 unless suspended or revoked by issuance of a public notice by the District Engineer. The Corps, in conjunction with the Federal resource agencies, will conduct periodic reviews to ensure that continuation of the permit during the period ending July 26, 2021, is not contrary to the public interest. The SPGP V-R1 will not be extended beyond July 26, 2021, but may be replaced by a new SPGP. If revocation occurs, all future applications for activities covered by the SPGP V-R1 will be evaluated by the Corps.

14. If the SPGP V-R1 expires, is revoked, or is terminated prior to completion of the authorized work, authorization of activities which have commenced or are under contract to commence in reliance upon the SPGP V-R1 will remain in effect provided the activity is completed within 12 months of the date the SPGP V-R1 expired or was revoked.

**Special Conditions for Shoreline Stabilization Activities**

1. Shoreline stabilization materials must be placed by hand around red mangrove prop roots (Reference: JAXBO PDC A1.3.).

2. Living shorelines can only be constructed in unvegetated, nearshore water along shorelines to create tidal marshes or mangrove habitat for the purpose of shoreline erosion control or aquatic habitat enhancement. Native plants can be placed along the shoreline or between the shoreline and the living shoreline structure (Reference: JAXBO PDC A7.4.).

3. Living shoreline structures and permanent wave attenuation structures can only be constructed out of the following materials: oyster breakwaters, clean limestone boulders or stone (sometimes contained in metal baskets or cages to contain the material), small mangrove islands, biologs, coir, rock sills, and pre-fabricated structures made of concrete and rebar that are designed in a manner so that they do not trap sea turtles, smalltooth sawfish, or sturgeon (Reference: JAXBO PDC A7.5.).
   a. Reef balls or similar structures are authorized if are not open on the bottom, open-bottom structures with a top opening of at least 4 ft, and reef discs stacked on a pile are pre-fabricated structures are designed in a manner so that they do not trap sea turtles.
   b. Oyster reef materials shall be placed and constructed in a manner that ensures that materials will remain stable and that prevents movement of materials to surrounding areas (e.g., oysters will be contained in bags or attached to mats and loose cultch must be surrounded by contained bagged oysters or another stabilizing feature) (Reference: JAXBO PDC A7.2.).
   c. Oyster reef materials shall be placed in designated locations only (i.e., the materials shall not be indiscriminately dumped or allowed to spread outside of the reef structure) (Reference: JAXBO PDC A7.3.).
   d. Wave attenuation structures must have 5 ft gaps at least every 75 ft in length as measured parallel to the shoreline and at the sea floor, to allow for tidal flushing and species movement (Reference: JAXBO PDC A7.6.).
e. Wave attenuation structures must have 5 ft gaps at least every 75 ft in length as measured parallel to the shoreline and at the sea floor, to allow for tidal flushing and species movement (Reference: JAXBO PDC A7.6.).

f. Other materials are not authorized by this SPGP V-R1 (Reference: JAXBO PDC A7.5.).

4. For living shorelines, only native plant species can be planted (Reference: JAXBO PDC A7.1.).
Top View/site plan

- Riprap material to be placed clean contact with existing limestone.
- Riprap to be placed 16' fan top and also riprap not extending past existing sea wall.
- Riprap to be placed under dock or to the west of dock.
- Average 6'-7' from black wall to top bank.
- Riprap to be placed around tree.
- Riprap to be placed around tree.
- Top of bank.
- 8'-5' river frontage.
- 5'-3' of adding riprap.
- Cypresso tree.
- Oak tree.
- 3' black wall on adjacent property.
- 706 W. Henry ave.
- Carol Moore.

REVISED
Replaces Drawings Received: NOV 6, 2020
Side/Profile View

Top of bank 3.5' above existing block wall

Minimum 2:1 slope

Clean concrete and natural limestone to be used for rip rap. 1' to 3' pieces.

New rip rap not to extend more than 18' past toe of existing wall

$e = 2'$

Name of Water Body / Waterway at Proposed Project: Hillsborough river

Proposed: Private Single-Dwelling

Owner: Mark Taylor Lynn

1st Permit Number: 63111

1st Date: 05/15/2017

Check to confirm that your project is not located in critical habitat for smalltooth sawfish or gulf sturgeon, as applicable. Confirmed

Check to confirm that if your project is located in waters accessible to manatees, the project shall not affect or will not directly or indirectly likely adversely affect manatees, as applicable. Confirmed

C. Filling

1) Volume

Volume - Above OHW/MHW

(required)

Volume - Below OHW/MHW

(required)

Volume - Total (in cubic yards)

(required)

2) Area

Area - Above OHW/MHW
PREVIOUS TAMPA PORT AUTHORITY PERMITS ISSUED AT THIS LOCATION

Permit Number(s): ________________________

PROJECT DETAILS

NOTE: Features and dimensions must be carefully shown on the required application drawings. Please review the attached guidelines provided to ensure that the drawings which you have prepared are acceptable.

A. STRUCTURES

☐ New Work ☐ Maintenance/Replacement ☐ Addition/Modification

1. DOCK, OBSERVATION DECK, PIER, OR ELEVATED BOARDWALK

a. Length of Shoreline: _______ Linear Feet
b. Number of Proposed Docks: _______ Number of Boat Slips/Lifts: _______ / _______
c. Length from MHW/OHW to Waterward Edge of Structure: _______ Feet
d. Width of Structure: _______ Feet Mooring Depth at MLW/OLW: _______ Feet
e. Existing Structure Area: _______ Square Feet
f. Proposed Structure Area: _______ Square Feet
g. Overall Area of Structures: _______ Square Feet

2. SEAWALLS, RIP-RAP, REVETMENTS OR OTHER SHORELINE STABILIZATION

a. Length of Shoreline: _______ Linear Feet
b. Length of Work Proposed Along Shoreline: _______ Linear Feet
c. Seawall Vertical Height: _______
d. Rip-Rap Slope – Horizontal Distance: _______ Feet Vertical Heights: _______ Feet
e. Type of Material: Limestone & Clean concrete
f. Volume: _______ cubic feet (circle: dredged or filled)

3. OTHER TYPE OF STRUCTURE: ________________________

B. DREDGING / EXCAVATION

☐ New Work ☐ Maintenance

1. DIMENSIONS OF AREAS TO BE DREDGED / EXCAVATED:

a. Length: _______ Feet Width: _______ Feet Total Area: _______ Square Feet
b. Depths – Existing: _______ Proposed: _______
c. Volume – Above MHW/OHW: _______ Below MHW/OHW: _______ Total: _______ yd^3
d. Area – Above MHW/OHW: _______ Below MHW/OHW: _______ Total: _______ ft^2

2. TYPE OF MATERIAL: ________________________

3. STORAGE OF MATERIAL: ☐ On-Site ☐ Off-Site Disposal

*If material is to be taken off-site, describe the method of material storage, haul routes, and specify the location with an attached Affidavit of Authorization from the disposal site's property owner, as applicable to the project.

☐ I have filled out and attached all required information listed on the Dredge Project Checklist.

C. FILLING

2. Area – Above MHW/OHW: _______ Below MHW/OHW: _______ Total: _______ ft^2
3. Containment: Seawall _______ Dikes _______ Other: _______
4. Type of Material: ________________________
5. Source of Material: ☐ On-site ☐ Off-site

*Refer to the Fill Checklist for material sampling requirements and other applicable information.

☐ Check the box to confirm that your project is not located in critical habitat for smalltooth sawfish or gulf sturgeon, as applicable.

☐ Check the box to confirm that if your project is located in waters accessible to manatees the project shall not affect or will not directly or indirectly likely adversely affect manatees, as applicable.
